June 2022

JC Carter with his 1915 Home-Made Model T woodie truck.

President's Message

CenTex Tin Lizzie Members,

By the time that you will be reading this, Peggy and I will have been in the Kerrville area with the National Model A Tour and maybe survived the high temperatures. It is crazy to even think about it! They are expecting 200 or so cars, so the “just looking” ought to be fun. I suspect that whatever “touring” we do will be in the mornings before it gets too hot. In expectation of the lots of sunshine and the high temperatures I checked out the cost and availability of putting on a new light colored top on the A. Noting that it would be fairly, expensive, I visited the local paint store and bought some to create a do it yourself top for a cooler ride. I think that it turned out ok and surely going from black to the lighter color will be more comfortable. I will give you a report at the meeting.

This month's program is going to be Daniel Bratcher sharing his present activity of restoring Model Ts. His shop in Floresville is titled Timeless Ts. He has full capacities, including engine rebuilding complete with babbit pouring and line boring. You will recall that he donated the brake transmission drum to Alex Gilman for his now painted 1921 Center Door. If I remember correctly, Alex is off to basic training by the time of our meeting. We wish him well.

Speaking of hot rides, we are noting the July 4th Martindale Parade under the charge of Carlton Carl and the cool ice cream social July 9th at the Brunner Ranch. I am still desirous of taking a morning tour ride that Saturday before the social if we can get it together with a route and a leader.

My new garage project is finished and as of Memorial Day week-end has the remainder of Tony Temple's tools in it. I was subsequently able to wire in a 220v

plug for the 6.5 h.p. air compressor and have enjoyed the 165 p.s.i. air source. Things are getting organized and lots of drawers are filled and even have labels. I certainly am enjoying it. After last month's meeting advice, I was able to obtain and install the two part epoxy to the floor, which beautified and sealed the concrete floor. I chose a light sandy color to keep things bright and to be able to see what I drop on the floor. Because the garage is insulated throughout, even without air-conditioning, it is tolerable to work there, even on these super-hot days.

I look forward to being with you Tuesday evening, June 21 for supper, the meeting, and program. Maybe hobbling Joe at the meeting will grace us too.

Tom Romberg
President

[Model T Tip of the Month: A Forgotten Model T \(Episode 4\) Mounting New Tires on the Split Rims - YouTube](#)

This is a series of 18 YouTube videos on restoring a Model T in England that hadn't been run in 30 years. Very interesting.

If you read this on your computer just click on the YouTube tip and it will take you to the YouTube program.

"The greatest thing in life is to keep your mind young."

Henry Ford

Did you know that it is illegal to eat fried chicken in Georgia with a fork?

By 1913 more than one million cars were registered in the U.S.

MINUTES OF THE May 17, 2022 MEETING of THE CENTEX TIN LIZZIES

President Tom Romberg started the meeting at the south Austin Catfish Parlour at 7:05 pm.

There were no guests but 3 year member Gene Shamburger was able to come to the meeting tonight. There were 17 members present.

The Minutes of the last meeting were approved as published in the Band Chatter by a motion by Joe Pinnelli and seconded by George Brunner.

The Treasurer's Report was given by Jan Donnell the reported income was from dues and Bob Ross donating the 50-50 drawing back to the club.

Wellness Report: from Joe Pinnelli said his brother AL is finally back home and recuperating slowly. Joe also said that his hip surgery was scheduled for June 21st. Karen Ross was home with not feeling well but she would have to get a new valve in her heart soon. Nothing is scheduled at this time.

Old Business: Tom Romberg stated that his coils had not returned yet but that they should be along shortly now and once received he would get with George Brunner to test them out. Richard Walker stated that he got his wheels and tires together now so he can put them on and have a car that will roll anyway.

George Brunner mentioned that he was holding the annual Ice Cream Social at his place on the 9th of July starting At 2:00pm. There was discussion about a tour in the morning before hand.

Joe talked about the 4th of July Parade in downtown Martindale and asked how many would be going. Three or four members thought they could make it.

Tom Romberg mentioned that his garage project was moving along and was being painted the coming week. He also asked for opinions on the flooring surface he needed to put down.

The tour to Lockhart was discussed and although there were few Ts the tour and lunch was great.

The Texas T Party is scheduled for September 28 thru October 1st in Hallettsville, Texas. There is a form and flyer in this newsletter.

The 50-50 drawing was held and Joyce Shierlow wan and donated her part back to the club.

The Program: was supposed to be on the refurbishing and the history of the old Hupmobile dealership building in Martindale that was on the cover of last month's Band Chatter. However, the gentleman that owns the building came up with Covid and couldn't make it. But Joe did have some pictures of the other buildings that he and Carleton Carl restored. The program was very interesting in showing how the building were before, during and after restoration. The café that we get our donuts and coffee was not there originally but new blends into the adjoining buildings so well you would not know it wasn't always there. He did mention that the movie, 'A Perfect World' with Clint Eastwood and Kevin Costner was filmed in Martindale.

Gary Baker motioned that we adjourn and the motion was seconded by George Brunner.
